

RHINO ARMOR *Decals*

Fact Sheet Part#

Full Color Printing Example

Rhino Armor Decals provide superior UV, abrasion, and chemical resistance while affording all the advantages of digitally printed and custom-cut decals. They can be produced in any size and shape and printed with unlimited colors on our field-proven vinyl material – at no additional charge. These ultra-durable decals have a polycarbonate over-laminate and use an extremely aggressive adhesive, so they can easily be applied to flat surfaces that are free of debris or loose paint.

When properly applied, Rhino Armor Decals will not crack, peel, or significantly fade for at least 10 years.

APPLICATIONS:

- Utility enclosures
- Outdoor or indoor cabinets
- Meters
- Pedestals
- Transformers
